**Board of Commissioners  
Township of North Huntingdon**

## **Independent Auditor's Report**

### **Report on Financial Statements**

I have audited the accompanying basic financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Township of North Huntingdon as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the Township's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

My responsibility is to express opinions on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Township's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

## **Basis for Qualification**

The financial statements do not include the financial data for the Township's legally separate component unit – The North Huntingdon Township Municipal Authority. Accounting principles generally accepted in the United States of America require the financial data for the component unit to be reported with the financial data of the Township's primary government. Because of this departure from accounting principles generally accepted in the United States of America, the assets and deferred outflow of resources, liabilities and deferred inflow of resources, net position, revenues and expenses of the aggregate discretely presented component unit, the North Huntingdon Township Municipal Authority, as of its latest fiscal year-end April 30, 2016, would have been presented as \$52,859,824, \$9,104,366, \$43,755,458, \$9,491,630, and \$7,095,753 respectively.

## **Modified Opinion**

In my opinion, except for the effects of the matter described in the "Basis for Qualified Opinion" paragraph, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities of the Township of North Huntingdon as of December 31, 2016, and the changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Unmodified Opinions**

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund, and the aggregate remaining fund information of the Township of North Huntingdon as of December 31, 2016 and the respective changes in financial position and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages iv-x and other required supplementary information on pages 48-54 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Other Supplementary Information***

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Township of North Huntingdon's basic financial statements. The supplementary information is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)**

**DECEMBER 31, 2016**

The discussion and analysis of the Township of North Huntingdon's (Township) financial performance provides an overall review of the Township's financial activities for the fiscal year ended December 31, 2016. The intent of this discussion and analysis is to look at the Township's financial performance as a whole; readers should also review the basic financial statements and notes to the basic financial statements to enhance their understanding of the Township's financial performance.

**FINANCIAL HIGHLIGHTS**

Key financial highlights for 2016 are as follows:

- The assets of Township of North Huntingdon exceeded its liabilities at the close of the year ended December 31, 2016 by \$10,237,247 (Net Position). Overall, net position decreased \$1,296,651 (12%) from December 31, 2015, mainly from 1) a \$338,323 increase to the Township's other post-employment benefits obligation and 2) \$676,418 of additional pension expense recognized as a result of updated actuarial valuation information received from PMRS as required by Governmental Accounting Standards Board Statement No. 68 – Accounting and Financial Reporting for Pensions.
- Total revenues were \$14,882,837 for 2016 compared to \$14,305,391 in 2015. General revenues, which include taxes and investment earnings, accounted for \$11,693,604 or 79% of all revenues. Program specific revenues in the form of charges for services and grants accounted for \$3,189,233 or 21% of total revenues.
- The Township had \$16,179,488 in expenses related to governmental activities compared to \$14,458,858 in 2015. The 2016 expenses were offset by the program specific charges for services and operating grants of \$3,189,233, leaving the remaining net cost of operations totaling \$12,990,255 to be cover by general revenues (primarily taxes).
- As of December 31, 2016, the combined fund balance of the Township's governmental funds totaled \$6,170,442, representing an increase of \$66,765 (1%) over the previous calendar year. As of December 31, 2016, the Township's General Fund balance was \$5,718,558, an increase of \$27,472 from calendar year 2015.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

The discussion and analysis serves as an introduction to Township of North Huntingdon's basic financial statements. The Township's basic financial statements are comprised of three components, government-wide financial statements, fund financial statements, and notes to the financial statements. This report also includes other supplementary information (schedules) and required supplementary information.

**TOWNSHIP OF NORTH HUNTINGDON  
WESTMORELAND COUNTY, PENNSYLVANIA**

**MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)**

**DECEMBER 31, 2016**

**OVERVIEW OF THE FINANCIAL STATEMENTS (Continued)**

**Government-Wide Financial Statements** are designed to provide readers with a broad overview of Township of North Huntingdon in a manner similar to a private sector business.

**The Statement of Net Position** presents information on all of the Township's assets and liabilities, with the difference between the two reported as net position. Over time, increases and decreases in net position may serve as a useful indicator of whether the financial position of Township of North Huntingdon is improving or deteriorating.

**The Statement of Activities** presents information showing how the Township's net position changed during the most recent year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in the statement for some items that will result in cash flows in future periods.

The government-wide financial statements distinguish functions of the Township that are principally support by taxes (property and local enabling). The governmental activities of the Township include public safety, streets, culture and recreation and general administrative support.

**Fund Financial Statements**

The fund financial statements focus on current available resources and are organized and operated on the basis of funds, each of which is defined as a fiscal and accounting entity with a self-balancing set of accounts established for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations. All of the funds are included in one category: governmental funds.

**Governmental Funds**

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, the governmental funds financial statements utilize the modified accrual basis of accounting, which focuses on near-term inflow and outflow of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the Township's near-term financial requirements.

Because the focus of governmental funds is narrower than that of government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the Township's near-term financing decisions.

Both the governmental funds Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balances provide reconciliations to the government-wide statements in order to facilitate this comparison between governmental funds and governmental activities.

The Township maintains individual governmental funds for financial reporting purposes. Information is presented separately in the governmental funds, Balance Sheet, and Statement of Revenues, Expenditures, and Changes in Fund Balances, for the General Fund which is always considered to be a major fund.

**TOWNSHIP OF NORTH HUNTINGDON  
WESTMORELAND COUNTY, PENNSYLVANIA**

**MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)**

**DECEMBER 31, 2016**

**OVERVIEW OF THE FINANCIAL STATEMENTS (Continued)**

**Governmental Funds: (Continued)**

Non-major governmental fund information for the Liquid Fuels Fund, Light Fund, Water Fund, Fire Fund, Park Fund, and Capital Project Fund is aggregated in a single column for financial reporting purposes, and is broken down in greater detail in the supplementary information (schedules) to the financial statements.

**Fiduciary Funds**

The Township offers two pension plans for all full-time employees (police and non-uniform pension plans). Financial statements for these funds are not required to be reported as they are considered to be agent multi-employer plans held by the Pennsylvania Municipal Retirement System.

**Notes to the Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

**Other Required Supplementary Information**

The Township adopts an annual appropriated budget for its General Fund, Special Revenue Funds, and Capital Projects Fund. Budgetary comparison statements have been provided for the General Fund (Exhibit G), and for the other non-major governmental funds in the supplementary information. In addition, a combining balance sheet and a combining statement of revenues, expenditures and changes in fund balances are presented for the Township's non-major governmental funds. Lastly, the Township presents historical information related to its pension plans and post-employment benefit plan in the required supplementary information section of the audit report.

| <b>TOTAL LIABILITIES, DEFERRED<br/>INFLOW OF RESOURCES AND<br/>NET POSITION</b> | <b>\$ 18,454,712</b> | <b>\$ 17,653,127</b> | <b>\$ 801,585</b>              | <b>4.5%</b>         |

Capital assets decreased as depreciation expense exceeded fixed asset additions for 2016 by approximately \$305,504. This resulted in a corresponding decrease in net position invested in capital assets. The increase in long-term liabilities, deferred outflow of resources, and deferred inflow of resources is directly related to 1) the updated pension actuarial valuation information received from PMRS for the current calendar year as required by GASB Statement No. 68, and 2) an increase in the Township's other post-employment benefits obligation for calendar year 2016 per the results of the Township's GASB 45 actuarial valuation.

A portion of the Township's net position, \$234,606, represents resources that are subject to external restrictions on how they may be used. The major restrictions on net position are funding source restrictions. The remaining balance of total net position of \$2,200,062 is unrestricted and may be used to meet the Township's obligations to citizens and creditors in accordance with the finance-related legal requirements reflected in the Township's fund structure. At December 31, 2016, the Township reported positive balances in both categories of net position, (restricted and unrestricted).

The most significant revenues of the Township are taxes (74%), which include property taxes (31%), and local enabling taxes (43%), (principally earned income taxes). Program revenues are (21%) of the total revenue, which include charges for services (9%) and operating grants and contributions (12%). The increase in grants and contributions is mainly from increases in 1) liquid fuels funds of \$145,797, 2) winter storm funds from FEMA of \$88,573, and 3) the fair value of a vehicle purchased by the Township for \$1 totaling \$50,000. Miscellaneous revenues increased mainly as a result of 1) \$301,000 received by the Township from a legal settlement in calendar year 2016, and 2) reimbursement from another governmental organization for paving costs incurred in a prior calendar year.

Public safety is the most significant (47%) of all government activities expenses, followed by highways and roads (37%), general government (10%), and culture and recreation is (6%). Included in these expenses is \$812,245 of depreciation expense, which is (5%) of the total expenses.

**MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)**

**DECEMBER 31, 2016**

**Government-Wide Financial Analysis (Continued)**

**CAPITAL ASSETS**

At December 31, 2016, the Township had \$7,802,579 invested in capital assets, including land, land improvements, buildings and improvements, infrastructure, equipment and vehicles net of depreciation. This amount represents a net decrease (including additions, deletions and depreciation) of \$323,153, or approximately 4% from last year.

The Township had approximately \$506,741 in capital additions during the 2016 year, mainly comprised of the purchase of equipment and vehicles.

A summary of the Township's capital assets net of accumulated depreciation for the past two years is as follows:

|                            | <b>2016</b>                | <b>2015</b>                | <b>INCREASE<br/>&lt;DECREASE&gt;</b> |

**GOVERNMENTAL FINANCIAL ANALYSIS**

As noted earlier, the Township uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. *The General Fund* is the primary fund utilized by the Township to account for most service and departmental expenditures. Therefore, its performance is essential to the financial well-being of the Township. Outlined below are the significant events that occurred in 2016 with respect to the General Fund.

**General Fund Revenues (Budgetary Basis)**

In 2016, revenues in the General Fund were stronger than projected. \$12,802,571 was received in the General Fund, which is \$1,310,571 more than projected. Earned income and deed transfer tax revenues, and miscellaneous revenues which included the aforementioned legal settlement and paving reimbursement, were the main revenue streams that exceeded budget projections.

**General Fund Expenditures (Budgetary Basis)**

In general, all expenditure categories in the General Fund came in under the 2016 budget. Total budgeted expenditures for 2016 was \$13,362,288 compared to actual expenditures of \$12,775,099, a difference of \$587,189. The most significant line-items under budget were public safety expenditures of \$251,065, operating transfer to the capital project fund of \$93,900, and culture and recreation expenditures which were under budget by \$91,767 for calendar year 2016.

WESTMORELAND COUNTY, PENNSYLVANIA**

**MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)**

**DECEMBER 31, 2016**

**GOVERNMENTAL FINANCIAL ANALYSIS (Continued)**

**General Fund Conclusions**

Overall, the General Fund performed better than predicted in 2016 by approximately \$1,897,760. The year-end fund balance was \$5,718,558 (budgetary basis), which is very positive when it is compared to the overall annual General Fund budget of the Township.

In calendar year 2016, annual revenues exceeded expenditures in the General Fund. In 2016, \$12,802,571 (budgetary basis) in revenue was collected in the General Fund while \$12,775,099 (budgetary basis) was expended in the General Fund. This translates into \$27,472 more in revenues earned as opposed to expenses incurred.

**Non-Major Funds**

In addition to the General Fund, the Township maintains the following funds: Liquid Fuels; Light; Water; Fire Service; Parks; and Capital Projects. Contrary to the General Fund, these funds have been established for specific purposes. The purposes of each fund are further defined in the financial statements. In 2016, all of the non-major funds operated as predicted.

**Other Funds Conclusions**

All funds are self-sufficient and are operating as predicted.

**CONTACTING THE TOWNSHIP FINANCIAL MANAGEMENT**

Our financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the Township's finances and to show the Commissioners' accountability for the money they administer on behalf of the residents of Township of North Huntingdon. If you have questions about this report or wish to request additional financial information, please contact the Township of North Huntingdon offices at 11279 Center Highway, North Huntingdon, PA 15642, (724)-863-3806.

**TOWNSHIP OF NORTH HUNTINGDON**  
**RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET**  
**TO THE STATEMENT OF NET POSITION**  
**DECEMBER 31, 2016**

**Total Fund Balances - Governmental Funds**

Amounts reported for governmental activities in the statement of net position (Exhibit A) are different from amounts reported for governmental funds on the balance sheet (Exhibit C) because:

Capital assets used in governmental activities are not financial resources, and therefore, are not reported as assets in governmental funds. The cost of assets is \$17,551,995, and the accumulated depreciation is \$9,749,416.

Property and wage taxes receivable in the statement of net position, which will not be available soon enough to pay for the current period's expenditures, are deferred and not recognized as revenue in governmental funds.

Deferred outflows and inflows of resources related to pensions are applicable to future periods and, therefore, are not reported in the funds.

**Deferred outflows of resources related to pensions**

**Deferred inflows of resources related to pensions**

Long term liabilities are not due and payable in the current period, and therefore, are not reported as liabilities in the governmental funds. Long-term liabilities at year end consist of:

|                       |                             |
|-----------------------|-----------------------------|
| Net OPEB obligation   | \$ 2,034,862                |
| Net Pension Liability | 4,519,097                   |
| Compensated absences  | <u>487,262</u>              |
|                       |                             |
|                       | <b><u>\$ 10,237,247</u></b> |

| <b>TOTAL NET CHANGE IN FUND BALANCES - GOVERNMENTAL FUNDS</b>                                                                                                                                                                                                                                                                                                     | \$ 66,765                    |
| <br>Amounts reported for governmental activities in the statement of activities are different because:                                                                                                                                                                                                                                                            |                              |
| Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation expense (\$812,245) exceeds capital outlays (\$506,741) in the period.                                     | (305,504)                    |
| Proceeds from the sale of Township assets are recognized as revenues in the fund financial statements. In the government-wide financial statements, these proceeds are matched against the net book value of the asset sold to determine a gain or (loss) on the sale of assets                                                                                   | (17,649)                     |
| Governmental funds report pension contributions as expenditures. However, in the statement of activities, the cost of pension benefits earned net of employee contributions is reported as pension expense.                                                                                                                                                       | (676,418)                    |
| Because certain property and wage taxes will not be collected for several months after the Township's year ends, they are not considered as "available" revenues in the governmental funds. Deferred inflow of resources from these taxes decreased by this amount in 2016.                                                                                       | (24,682)                     |
| The net other post-employment benefits obligation is not considered a current liability in the governmental funds, but is recognized as a long-term obligation in the government-wide financial statements                                                                                                                                                        | (383,323)                    |
| In the statement of activities, certain operating expenses - compensated absences - are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (paid). This is the amount by which compensated absences earned exceeded the amount paid in 2016. | 44,160                       |
| <b>CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES</b>                                                                                                                                                                                                                                                                                                          | <b><u>\$ (1,296,651)</u></b> |

**TOWNSHIP OF NORTH HUNTINGDON**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The Township of North Huntingdon, located in Westmoreland County, Pennsylvania, was incorporated in 1753 under the provisions governing the creation of municipal corporations in the Commonwealth of Pennsylvania and became a First Class Township in 1953. The administration of the Township consists of a seven member Board of Commissioners and a Township Manager. Members of the Board of Commissioners are elected by the voting public. The Commissioners appoint a Township Manager to administer the day-to-day operations of the Township. The major functions of the Township include public safety, maintenance of Township infrastructure (roads), maintenance of parks and other recreational facilities for use by Township residents, and general administrative functions necessary to facilitate Township responsibilities and resident needs.

The financial statements of the Township of North Huntingdon have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant accounting policies established in GAAP and used by the Township are discussed below.

**REPORTING ENTITY**

A reporting entity is comprised of the primary government, component units and other organizations that are included to ensure the financial statements are not misleading. The primary government of The Township of North Huntingdon consists of all funds, departments, boards and agencies that are not legally separate from the Township. As defined by GASB Statement No. 14, component units are legally separate entities that are included in the Township's reporting entity because of the significance of their operating or financial relationships with the Township. In accordance with this guidance, a legally separate organization should be reported as a component unit of a reporting entity if the nature and significance of their relationship with the Township are such that exclusion would cause the Township's financial statements to be misleading or incomplete. The main criteria that the Township uses to determine the existence of a component unit is Financial Accountability described as follows:

- **Financial Accountability** – Elected officials are accountable for an organization if they appoint a voting majority of the potential component unit's governing board. In addition, financial accountability exists when there is a potential for the component unit to provide specific benefits to, or impose specific financial burdens on the primary government.

Based on the application of the above criteria, the Township of North Huntingdon Municipal Authority is considered a component unit of the Township of North Huntingdon. The financial accountability criteria and description of the Authority is as follows:

**TOWNSHIP OF NORTH HUNTINGDON MUNICIPAL AUTHORITY**

The Township of North Huntingdon 1) appoints all members of the Township of North Huntingdon Municipal Authority governing board and 2) The Township guarantees the debt service payments of the North Huntingdon Township Municipal Township under its Guaranteed Municipal Revenue Bonds, Refunding Series of 2000 (Note 10).

The Township of North Huntingdon Sanitary Authority (the Authority) was created by the Township of North Huntingdon pursuant to the Pennsylvania Municipal Authorities Act of 1945 as amended. The Authority is authorized to acquire, hold, construct, improve, own, maintain, and operate sewage collection and treatment facilities within the Township.

**TOWNSHIP OF NORTH HUNTINGDON**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**REPORTING ENTITY (Continued)**

The financial statements of the Authority are not included as part of the accompanying financial statements. A copy of the Township of North Huntingdon Municipal Authority audited financial statements for the year ended April 30, 2016 are available at the Township offices.

**BASIS OF PRESENTATION**

**GOVERNMENT-WIDE FINANCIAL STATEMENTS** – The statement of net position (Exhibit A) and the statement of activities (Exhibit B) display information about the Township as a whole. In specific, these financial statements combine all of the financial activity of the Township's major and non-major funds as described herein Note 1. The government-wide financial statements do not include the financial activity of the Township's fiduciary funds, which cannot be used to finance general operations. GASB Statement No. 34 describes and distinguishes the financial activity in any fund as being either governmental or business-type.

The government-wide statement of activities (Exhibit B) presents a comparison between direct expenses and program revenues for each function of the Township's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function.

Program revenues include charges paid by the recipient of the goods or services offered by the program, and grants, subsidies and contributions that are restricted to meeting the operational or capital requirements of a particular program.

The Township allocates the following program revenues under the column 'charges for services' to each functional disbursement category as follows:

- General Government – Cable franchise fees, lien letters, retail licenses, rents, and other permits.
- Public Safety (Police) – State and local fines and special police services.
- Public Safety (Other) – Building, use and occupancy permits.
- Public Works – Highway occupancy permits.
- Culture and Recreation – park and other facility user fees.

Revenues which are not classified as program revenues are presented as general revenues of the Township. General revenue consists mainly of taxes, unrestricted grants, and other miscellaneous receipts not earmarked for a specific function. The comparison of direct disbursements with program receipts identifies the extent to which the government function is self-financing or draws from the general revenues of the Township.

**FUND FINANCIAL STATEMENTS** – Fund financial statements report detailed information about the Township. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Major funds represent the Township's most important funds and are determined based on percentages of assets, liabilities, revenues, and expenditures/expenses. On Exhibits C and E, each major fund is presented in a separate column. Non-major funds are segregated and presented in a single column.

**TOWNSHIP OF NORTH HUNTINGDON**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**BASIS OF PRESENTATION (Continued)**

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types are accounted for using a flow of current financial resources measurement focus. The financial statements for governmental funds are a balance sheet, which generally includes only current assets and current liabilities, and a statement of revenues, expenditures and changes in fund balances, which reports on the sources (revenues and other financing sources) and uses (expenditures and other financing uses) of current financial resources.

**FUND ACCOUNTING**

The Township uses funds to report on its financial position and the results of its operations during the year. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain Township functions or activities. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. Funds are classified into three categories: governmental, proprietary and fiduciary. Fund categories are defined as follows:

**Governmental Funds** – Governmental funds focus on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance.

The following are the Township's major and non-major governmental funds:

**MAJOR GOVERNMENTAL FUND:**

**GENERAL FUND** - Established under 'The First Class Township Code' of the Commonwealth of Pennsylvania and is used for the general operations of the Township. Income in this fund is derived mainly from assessed revenue such as real estate taxes, local taxes established under Act 511 and other miscellaneous revenues not designated for other restricted fund purposes. These revenues are used for general ongoing government services such as public safety, public works, general administration of the Township and other miscellaneous operating expenses.

**NON-MAJOR GOVERNMENTAL FUNDS:**

**LIQUID FUELS FUND (SPECIAL REVENUE)** - Established and restricted under Act 655 of the Commonwealth of Pennsylvania. Funding is received from the Commonwealth and is restricted in use for the maintenance, repair and construction of roads, streets and bridges for which the Township is responsible.

**LIGHT FUND (SPECIAL REVENUE)** - The Light Fund accounts for the portion of real estate tax proceeds designated for street lighting.

**WATER FUND (SPECIAL REVENUE FUND)** - The Water Fund accounts for the portion of real estate tax proceeds designated for fire hydrants.

**FIRE FUND (SPECIAL REVENUE FUND)** - The Fire Fund accounts for the portion of real estate tax proceeds designated for the Township's volunteer fire companies and medic company.

**TOWNSHIP OF NORTH HUNTINGDON**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**FUND ACCOUNTING (Continued)**

**PARK FUND (SPECIAL REVENUE FUND)** - The Park Fund accounts for a portion of its building permit fees for parks renovation which is designated in developer's agreement.

**CAPITAL PROJECT FUND** - The Capital Project Fund is used to account for the portion of real estate taxes collected for the acquisition and construction of capital projects.

**Proprietary Funds** - used to account for activities similar to those found in the private sector, where the determination of net income is necessary and useful to sound financial administration. Goods or services from such activities can be provided either to outside parties (enterprise funds) or to other departments or agencies within the Township (internal service funds). The Township does not currently administer any proprietary funds.

**Fiduciary Funds** – Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the Township under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the Township's own programs. Agency funds are custodial in nature and do not involve measuring income or any other results from operations. The Township has two pension trust funds (police and non-uniform pension plans) maintained by the Pennsylvania Municipal Retirement System (PMRS), and are not reflected in the accompanying financial statements. The Township does not maintain any other type of fiduciary fund.

**BASIS OF ACCOUNTING**

The basis of accounting determines when transactions are recorded in the financial records and reported in the financial statements. Government activities in the government-wide financial statements and governmental funds use the modified basis of accounting. Fiduciary funds use the accrual basis of accounting.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and available. Available means that the resources will be collected within the current fiscal year. For the Township, available means expected to be received within sixty days of fiscal year-end.

Revenue resulting from non-exchange transactions, in which the Township receives value without directly giving equal value in return, includes property taxes, grants and contributions. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenues from grants and contributions are recognized in the fiscal year in which all eligibility requirements have been satisfied. On a modified accrual basis, revenue from non-exchange transactions must also be 'available' before it can be recognized.

**TOWNSHIP OF NORTH HUNTINGDON**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**BASIS OF ACCOUNTING (Continued)**

The management of the Township of North Huntingdon has determined that the revenues most susceptible to accrual at December 31, 2016 are 1) real estate taxes collected within 60 days of Township's calendar year-end, 2) certain taxpayer Act 511 taxes, 3) cable franchise fees for the fourth quarter of 2016 and 4) other miscellaneous items of income pertaining to the 2016 calendar year received subsequent to December 31, 2016. On the governmental fund financial statements, receivables that will not be collected within the 'available' period have been reported as 'deferred inflow of resources'.

On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. The primary expenditures deemed susceptible to accrual at December 31, 2016 are those for which the Board of Commissioner's intention was to expense these items as budgeted for in the 2016 official budget, and for which the Township has incurred an obligation during 2016, but has not paid as of December 31, 2016.

Allocations of cost, such as depreciation, are not recognized in governmental funds but are included as part of expenses in the government-wide statement of activities.

**BUDGETS**

On December 16, 2015, the Township of North Huntingdon adopted its 2015 annual budget for its General Fund totaling \$13,362,288 in accordance with the provisions of the Commonwealth of Pennsylvania Township Code. The budget is prepared utilizing the modified accrual method of accounting in accordance with generally accepted accounting principles. Budgetary transfers among various expenditure line items are performed, if necessary, as approved by the Board of Commissioners. The adjusted budgetary amounts, if any, are reflected in these financial statements (Exhibit G).

The Township also adopts budgets for its special revenue and capital project funds. A comparison of the actual and budgeted amounts for these funds is reflected in the supplemental schedules.

All appropriations of the General and Other Funds lapse at the end of each calendar year.

**CASH AND CASH EQUIVALENTS**

Cash and cash equivalents include amounts in demand deposit accounts and all highly liquid short-term investments with original maturity terms of less than three months.

**RECEIVABLES**

Receivables, as reflected in Exhibits A and C, are shown at net realizable value as of December 31, 2016.

**TOWNSHIP OF NORTH HUNTINGDON**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**SHORT-TERM INTERFUND RECEIVABLES/PAYABLES**

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables, if any, are classified as 'due from/to other funds' on the governmental funds balance sheet (see Note 6). For the purposes of the government-wide statement of net position, governmental inter-fund receivables and payables have been eliminated.

**CAPITAL ASSETS AND DEPRECIATION**

General capital assets are those assets not specifically related to activities reported in proprietary funds. These assets are reported as part of governmental activities on the government-wide statement of net position.

All capital assets are recorded at cost (or estimated historical cost). Donated fixed assets are recorded at fair value at the time of receipt. The Township maintains a capitalization dollar threshold of \$5,000. Routine repair and maintenance costs that do not add to the value of the asset or extend its useful life are charged as an expense in the government-wide statement of activities. The Township began to report infrastructure prospectively in calendar year 2004. The Township has elected not to report infrastructure retroactively as provided for under Governmental Accounting Standards Board (GASB) Statement No. 34. All reported capital assets, except land, are depreciated using the straight-line method over the following useful lives:

| <b>CATEGORY</b>            | <b>YEARS</b> |
|----------------------------|--------------|
| Site Improvements          | 5 years      |
| Buildings and Improvements | 20-50 years  |
| Equipment and Vehicles     | 10-20 years  |
| Infrastructure             | 10-40 years  |

The accounting and reporting treatment applied to the capital assets associated with a fund are determined by its measurement focus. Capital assets purchased by governmental funds are recorded as expenditures in the fund financial statements (Exhibit E). The results of capitalizing fixed assets net of depreciation on the government-wide statement of net position and statement of activities, as opposed to recording these same assets as an expenditure in the fund financial statements, is reflected in the reconciliations of fund balance to net position (Exhibit D) and the changes in fund balances to the changes in net position (Exhibit F).

**COMPENSATED ABSENCES**

The Township reports compensated absences in accordance with the provisions of GASB Statement No. 16, 'Accounting for Compensated Absences'. Employees accrue sick leave each year in varying amounts depending on Township policy as well as collective bargaining agreements. Employees covered by the AFSCME collective bargaining agreement are eligible to receive a payment (in the subsequent year) of \$35.00 per day for any sick leave in excess of 185 days. Upon retirement or separation from employment, the Township will pay \$35.00 per day for unused sick leave. Employees covered by the Police Association collective bargaining agreement are eligible to receive a payment (in the subsequent year) in the amount of 25% of their hourly rate of pay for any sick leave in excess of 1440 hours of accumulated sick leave. Upon retirement, the Township will pay 35% of the hourly rate for unused sick leave. For all other employees eligible to receive sick leave (currently full-time non-union employees), there is no payment for any unused or accumulated sick leave.

**TOWNSHIP OF NORTH HUNTINGDON**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**COMPENSATED ABSENCES (Continued)**

These amounts are recorded in the government-wide financial statements. The vested amount of accumulated compensated absences is \$532,262 at December 31, 2016, and is recorded in the government-wide financial statements. Of this amount, \$45,000 is estimated to be a short-term liability that will be paid out in 2017 and is reflected in the fund statements as well.

**ACCRUED LIABILITIES AND LONG-TERM OBLIGATIONS**

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements. In general, payables and accrued liabilities that will be paid from governmental funds are reported on the governmental fund financial statements regardless of whether they will be liquidated with current resources.

However, the non-current portion of long-term liabilities that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they will be paid with current, expendable, available financial resources. In general, liabilities that mature or come due for payment within 60 days of the end of the fiscal year-end, are considered to be paid with current available financial resources. Long-term obligations, if any, that will be paid from governmental funds are not recognized as a liability in the fund financial statements when due. The Township's General Fund is typically used to liquidate long-term liability obligations.

The results of recognizing these long-term obligations as liabilities on the government-wide statement of net position and statement of activities, as opposed to recording these obligations as an expenditure in the fund financial statements, is reflected in the reconciliations of fund balance to net position (Exhibit D) and the changes in fund balances to the changes in net position (Exhibit F).

**NET POSITION**

Net position is classified into three categories according to external donor or legal restrictions or availability of assets to satisfy Township obligations. Net position is classified as follows:

- Net Investment in Capital Assets – This component of net position consists of capital assets net of accumulated depreciation, and reduced by the outstanding balances of debt that is attributable to the acquisition, construction and improvement of the capital assets, plus deferred outflows of resources less deferred inflows of resources related to those assets.
- Restricted Net Position – This component of net position consists of restricted assets reduced by liabilities and deferred inflows related to those assets.
- Unrestricted – Consists of net position that does not meet the definition of 'restricted' or 'net investment in capital assets'.

When an expense is incurred that can be paid using either restricted or unrestricted resources (net position), the Township's policy is to first apply the expense toward restricted resources and then toward unrestricted resources.

**TOWNSHIP OF NORTH HUNTINGDON**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**LONG-TERM DEBT FINANCING COSTS**

Bond issue costs are recorded as expenditures in the governmental fund financial statements in the year paid. The Township did not incur any bond issue costs during the 2016 fiscal year.

**UNEARNED REVENUE**

Unearned revenue arises when the Township receives resources before it has legal claim to them. This occurs when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the Township has a legal claim to the resources, the unearned revenue liability is removed and revenue is recognized.

**DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES**

In addition to assets and liabilities, the statement of net position and/or the balance sheet reports a separate section for deferred outflows and/or inflows of resources. These separate financial statement elements represent a decrease and/or increase in net position that applies to a future period and so will not be recognized as an outflow and/or inflow of resources (expense/expenditure or income/revenue) in the current period (See Note 8).

**FUND BALANCE**

In the Balance Sheet – Governmental Funds (Exhibit C), fund balances are reported in specific categories to make the nature and extent of the constraints placed on any entity's fund balance more transparent in accordance with GASB No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- Non-spendable fund balance – amounts that are not in spendable form (such as prepaid expenses) or are required to be maintained intact.
- Restricted fund balance – amounts constrained to specific purposes by their providers (such as grantors, bondholders, and high levels of government), through constitutional provisions, or by enabling legislation.
- Committed fund balance – amounts constrained to specific purposes by the Township itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level action to remove or change the constraint.
- Assigned fund balance – amounts the Township intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority.
- Unassigned fund balance – amounts that are available for any purpose.

The Township of North Huntingdon establishes (and modifies and rescinds) fund equity commitments by passage of an ordinance or resolution. This is typically done through adoption and amendment of the budget.

**TOWNSHIP OF NORTH HUNTINGDON**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**FUND BALANCE (Continued)**

A fund balance commitment is further indicated in the budget document as a designation or commitment of the fund. The Board of Commissioners has given authority to the Township Manager to assign fund balance.

When expenditures/expenses are incurred for purposes for which unrestricted (committed, assigned, and unassigned) resources are available, and amounts in any of these unrestricted classifications could be used, it the Township's general policy to spend the committed resources first, followed by assigned amounts and then unassigned amounts.

**ESTIMATES**

The preparation of financial statements in conformity with generally accepted accounting principles requires the Township's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**ADOPTION OF GASB PRONOUNCEMENTS**

The requirements of the following GASB Statements were adopted for the Township's 2016 financial statements, as applicable. Except where noted, the adoption of these pronouncements did not have a significant impact on the Township's financial statements.

GASB Statement No. 72, "*Fair Value Measurement and Application*." This Statement addresses accounting and financial reporting issues related to fair value measurements.

GASB Statement No. 76, "*Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*." This statement identifies the hierarchy of generally accepted accounting principles (GAAP), reduces this hierarchy to two categories of authoritative GAAP, and addresses the use of authoritative and non-authoritative literature in the event that the accounting treatment for a transaction or other event is not specified within a source of authoritative GAAP. This Statement supersedes Statement No. 55.

GASB issued Statement No. 77, "*Tax Abatement Disclosures*". The primary objective of this Statement is to require state and local governments for the first time to disclose information about tax abatement agreements, and is designed to provide financial statement users with essential information about these agreements and the impact that they have on a government's finances (See Note 14).

GASB issued Statement No. 78, "*Pensions Provided through Certain Multiple- Employer Defined Benefit Pension Plans*". The primary objective is to address a practice issue regarding the scope and applicability of Statement No. 68, "Accounting and Financial Reporting for Pensions." The issue is associated with pensions provided through certain multiple-employer defined benefit pension plans and to state or local government employers whose employees are provided with such pensions.

GASB issued Statement No. 79, "*Certain External Investment Pools and Pool Participants*". The primary objective of this Statement is to address accounting and reporting for certain external investment pools and pool participants. Specifically, it establishes criteria for an external investment pool to qualify for the election to measure all of its investments at amortized costs for financial reporting purposes.

**TOWNSHIP OF NORTH HUNTINGDON**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**PENDING GASB PRONOUNCEMENTS**

GASB has issued the following statements that will become effective in future years. Management has not yet determined the impact of these statements on the Township's financial statements:

In June of 2015, the GASB issued Statement No. 73, *"Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB 68, and Amendments to Certain Provisions of GASB Statements 67 and 68,"* except those provisions that address employers and governmental non-employer contributing entities for pensions that are not within the scope of Statement No. 68. The primary objective of this Statement is to establish requirements for those pensions and pension plans that are not administered through a trust meeting specified criteria (those not covered by Statements No. 67 and 68). The provisions of this Statement are effective for the Township's December 31, 2017 financial statements.

In June of 2015, the GASB issued Statement No. 74, *"Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans"*. The primary objective of this Statement is to address reporting by OPEB plans that administer benefits on behalf of governments. This Statement replaces Statement No. 43. The provisions of this Statement are effective for the Township's December 31, 2017 financial statements.

In June of 2015, the GASB issued Statement No. 75, *"Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions"*. The primary objective of this Statement is to address reporting by governments that provide OPEB to their employees and for governments that finance OPEB for employees of other governments. This Statement replaces the requirements of Statement No. 45. The provisions of this Statement are effective for the Township's December 31, 2018 financial statements.

In January of 2016, the GASB issued Statement No. 80, *"Blending Requirements for Certain Component Units- an amendment of GASB Statement No. 14"*. The primary objective of this Statement is to improve financial reporting by clarifying the financial statement presentation requirements for certain component units. The provisions of this Statement are effective for the Township's December 31, 2017 financial statements.

In March of 2016, the GASB issued Statement No. 81, *"Irrevocable Split-Interest Agreement"*. The primary objective of this Statement is to improve accounting and financial reporting for irrevocable split-interest agreements by providing recognition and measurement guidance for situations in which a government is a beneficiary of the agreement. The provisions of this Statement are effective for the Township's December 31, 2017 financial statements.

In March of 2016, the GASB issued Statement No. 82, *'Pension Issues- an amendment of GASB Statements No. 67, No. 68, and No. 73'*. The primary objective of this Statement is to address certain issues that have been raised with respect to GASB Statements No. 67, *"Financial Reporting for Pension Plans,"* No. 68, *"Accounting and Financial Reporting for Pensions,"* and No. 73, *"Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68."* The provisions of this Statement are effective for the Township's December 31, 2017 financial statements.

In November of 2016, the GASB issued Statement No. 83, *'Certain Asset Retirement Obligations'*. The primary objective of this Statement is to provide financial statement users with information about 'asset retirement obligations (ARO) that were not addressed in GASB Standards by establishing uniform accounting and financial reporting requirements for these obligations. The provisions of this Statement are effective for the Township's December 31, 2018 financial statements.

**TOWNSHIP OF NORTH HUNTINGDON**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**PENDING GASB PRONOUNCEMENTS (Continued)**

In January of 2017, the GASB issued Statement No. 84, '*Fiduciary Activities*'. The primary objective of this Statement is to enhance the consistency and comparability of fiduciary activity reporting by state and local governments. This Statement also is intended to improve the usefulness of fiduciary activity information primarily for assessing the accountability of governments in their roles as fiduciaries. The provisions of this Statement are effective for the Township's December 31, 2019 financial statements.

In March of 2017, the GASB issued Statement No. 85, '*Omnibus 2017*'. The primary objective of this Statement is to improve consistency in accounting and financial reporting by addressing practice issues that have been identified during implementation and application of certain GASB Statements. The provisions of this Statement are effective for the Township's December 31, 2018 financial statements.

In May of 2017, the GASB issued Statement No. 86, '*Certain Debt Extinguishment Issues*'. The primary objective of this Statement is to improve consistency in accounting and financial reporting for certain debt extinguishments and to enhance the decision-usefulness of that information. The provisions of this Statement are effective for the Township's December 31, 2018 financial statements.

In June of 2017, the GASB issued Statement No. 87, '*Leases*'. The primary objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases; enhancing the comparability of financial statements between governments; and also enhancing the relevance, reliability (representational faithfulness), and consistency of information about the leasing activities of governments. The provisions of this Statement are effective for the Township's December 31, 2020 financial statements.

**NOTE 2 - CASH DEPOSITS**

Pennsylvania statutes provide for investment of governmental funds into certain authorized investment types including U.S. Treasury Bills, other short-term U.S. and Pennsylvania government obligations, insured or collateralized time deposits, and certificates of deposit. The statutes do not prescribe regulations related to demand deposits however they do allow the pooling of governmental funds for investment purposes. The deposit and investment policy of the Township adheres to state statutes and prudent business practice. There were no deposit or investment transactions during the year that were in violation of either state statutes or the policy of the Township.

At December 31, 2016, the Township of North Huntingdon had the following carrying values on its cash and cash equivalent accounts:

|                              | <b>Bank Balance</b>        | <b>(Memo Only)<br/>Book Balance</b> |
|------------------------------|----------------------------|-------------------------------------|
| General Fund                 | \$ 5,840,760               | \$ 5,704,596                        |
| Non Major Governmental Funds | 430,807                    | 430,807                             |
|                              | <b><u>\$ 6,271,567</u></b> | <b><u>\$ 6,135,403</u></b>          |

The difference between the bank balance and the book balance represents year-end reconciling items such as deposits in transit and outstanding checks. The Federal Deposit Insurance Corporation (FDIC) coverage threshold for government accounts is \$250,000 per official custodian. This coverage includes checking and saving accounts, money market deposit accounts, and certificates of deposit.

**TOWNSHIP OF NORTH HUNTINGDON**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 2 - CASH DEPOSITS (Continued)**

**Custodial Credit Risk:**

Custodial credit risk is the risk that in the event of a bank failure, the Township's deposits may not be returned to it. The Township does not have a separate policy for custodial credit risk in addition to the requirements of the Township Code. As of December 31, 2016, \$6,021,567 of the Township's bank balance total is exposed to custodial credit risk as this amount represents uninsured deposits collateralized with securities held by the pledging financial institution or by its trust department or agent, but not in the Township's name. In accordance with Act Number 72-1971 Session of the Commonwealth of Pennsylvania, the aforementioned deposits, in excess of \$250,000, are collateralized by securities pledged to a pooled public funds account with the Federal Reserve System.

**Interest Rate Risk:**

The Township does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

**NOTE 3 - PROPERTY TAXES**

The Township of North Huntingdon levies property taxes March 1 of each calendar year. The calendar dates for payment of these taxes is as follows:

**PAYMENT PERIOD**

|                          |                   |
|--------------------------|-------------------|
| March 1 – April 30, 2016 | (Discount period) |
| May 1 – June 30, 2016    | (Face period)     |
| July 1 and after         | (Penalty period)  |

Taxpayers are entitled to a 2% discount if taxes are paid prior to April 30<sup>th</sup>. Collections after June 30<sup>th</sup> are assessed a 10% penalty.

By January 15<sup>th</sup> of the year following billing, uncollected taxes are returned to the Tax Claim Bureau of Westmoreland County who collects and liens the delinquent real estate taxes on behalf of the Township. Unpaid taxes as of December 31, 2016 totaling \$110,346 represent 2.5% of the original assessment for 2016 of \$4,384,050.

The tax millage assessment for the 2016 calendar year is 11.55 mills on the assessed value of land and buildings, which represents \$11.55 of revenue for every \$1,000 of assessed value. Tax millage is allocated as follows:

|                  |            |
|------------------|------------|
| General purposes | 9.23 mills |
| Capital          | 1.00 mills |
| Fire safety      | 1.32 mills |

In addition to the millage levied on the total assessed valuation, certain properties are levied 0.07 mills to be used for the upkeep of the fire hydrant system in the Township. Also, a light tax is charged on a cents per foot basis for those properties within 250 feet of a street light.

**TOWNSHIP OF NORTH HUNTINGDON**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 3 - PROPERTY TAXES (Continued)**

Taxes receivable as shown in the government-wide statement of net position includes prior year property and earned income taxes of \$1,390,646. For purposes of the governmental fund financial statements, the above property and earned income taxes receivable, although measurable, does not meet the available criteria to finance current fiscal year operations. Accordingly, this amount is equally off-set as a credit to deferred inflow of resources in the fund financial statements (Exhibit C).

The effect of recognizing property tax revenue when taxes are levied, and estimating the amount of delinquent earned income taxes receivable, as opposed to when they are received using the 'measurable and available' criteria under the modified accrual basis of accounting, is reflected in the required reconciliations of fund balance to net position (Exhibit D) and the changes in fund balances to the changes in net position (Exhibit F).

Taxes receivable are comprised of the following at December 31, 2016:

|                                  |                            |
|----------------------------------|----------------------------|
| Real Estate Taxes - Delinquent   | \$ 219,877                 |
| Earned Income Taxes - Delinquent | 1,170,769                  |
| Earned Income Taxes - Current    | 539                        |
| Deed Transfer Taxes              | 69,091                     |
| Per Capita Taxes                 | 116                        |
| Local Services Tax               | 210                        |
|                                  | <b><u>\$ 1,460,602</u></b> |

**NOTE 4 – DUE FROM OTHER GOVERNMENTAL UNITS**

The 'Due from other Governmental Units' total of \$9,249, as reflected in Exhibit A, represents amounts earned by and due the Township of North Huntingdon for 2015 from other governmental agencies for 1) vehicle code violations and ordinance fines totaling \$3,460 and 2) grant funds due from the Commonwealth of Pennsylvania for task force reimbursement totaling \$5,789.

**NOTE 5 – OTHER ACCOUNTS RECEIVABLE**

The 'Other Accounts Receivable' total of \$175,991, as reflected in Exhibit A, represents amounts earned by and due the Township of North Huntingdon for 2016 for 1) Cable Franchise Fees totaling \$173,996 and 2) other miscellaneous accounts receivable totaling \$1,995.

**NOTE 6 – INTER-FUND OBLIGATIONS AND TRANSFERS**

At December 31, 2016, the General Fund was indebted to the Fire Fund and Capital Project Fund for real estate tax collections totaling \$11,992 and \$9,085 respectively. During 2016, the General Fund transferred \$260,000 to the Capital Project Fund to fund various capital expenses.

|                       | <b>\$ 5,641,386</b> | <b>\$ 1,453,169</b> | <b>\$ 8,334</b>   | <b>\$ 7,086,221</b> | <b>\$ 45,000</b>           |

**NOTE 10 – GUARANTEED DEBT**

The Township guarantees the debt service payments of the North Huntingdon Township Municipal Township under its Guaranteed Municipal Revenue Bonds, Refunding Series of 2000 (original issue amount \$17,020,000). During 2016, the Township made no contributions to the Authority. Township management does not anticipate any contributions being required in the future.

The annual debt service requirements for these bonds are as follows:

| <b>Year End</b> | <b>Principal</b>    | <b>Interest</b>   | <b>Total</b>        |
|-----------------|---------------------|-------------------|---------------------|
| <b>31-Dec</b>   | <b>Principal</b>    | <b>Interest</b>   | <b>Total</b>        |
| 2017            | \$ 1,140,000        | \$ 245,721        | \$ 1,385,721        |

**TOWNSHIP OF NORTH HUNTINGDON**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 11 - TOWNSHIP PENSION PLANS**

**DESCRIPTION OF PLANS**

The Police Pension Plan was established as a defined benefit pension plan on December 21, 1954 to provide retirement and death benefits to qualified police department employees under the provisions governing police pension plans in the Commonwealth of Pennsylvania and local Township Ordinances. The Non-Uniform Pension Plan was established as a defined benefit pension plan on April 12, 1962. Both plans participate in the Pennsylvania Municipal Retirement System (PMRS), which is an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for participating municipal pension plans. PMRS issues a separate Comprehensive Annual Financial Report (CAFR). A copy of the CAFR can be obtained by contacting the PMRS accounting office or visiting their website at pmrs.state.pa.us.

Plan membership as of December 31, 2014 (latest available from PMRS) was comprised of:

|                                                                       | <b>POLICE</b> | <b>NON<br/>UNIFORM</b> |
|-----------------------------------------------------------------------|---------------|------------------------|
| Active employees                                                      | 28            | 44                     |
| Retirees and beneficiaries currently receiving benefits               | 15            | 22                     |
| Inactive employees entitled to benefits<br>but not yet receiving them | 1             | 4                      |
| Total                                                                 | <u>44</u>     | <u>70</u>              |

**PLAN BENEFITS**

The Police Pension Plan provides retirement and death benefits to eligible plan members and their beneficiaries. All participants are eligible for retirement benefits provided that they have attained the normal retirement age of 55 with 12 years of credited service. Early retirement provisions are available after completion of 24 years of service. Monthly pension benefits are equal to 2% times credited service times final average salary (FAS), but in no event is the basic benefit greater than 50% of FAS. The plan provides the surviving spouse fifty percent of a deceased members pension benefit. Participants are fully vested upon completion of twelve (12) years of service.

The Non-Uniform Pension Plan provides retirement and death benefits to eligible plan members and their beneficiaries. All participants are eligible for retirement benefits provided that they have attained the normal retirement age of 60. Early retirement provisions are available after completion of 20 years of service. Monthly pension benefits are equal to 1.75% times credited service times final average salary (FAS), but in no event is the basic benefit greater than 75% of FAS. The plan provides the beneficiary with present value of accrued benefits. Participants are fully vested upon completion of five (5) years of service.

**PLAN CONTRIBUTION REQUIREMENTS**

Employer contributions are actuarially determined reflecting a payment equal to annual Normal Cost, the expected Administrative Expenses, and an amount necessary to amortize the remaining Unfunded Actuarial Liability as a level dollar amount over a closed period. This contribution is based upon the Minimum Municipal Obligation (MMO) as defined in Act 205. For the calendar year 2016, the Township contributed \$550,985 and \$241,484 respectively to the Police and Non-Uniform Pension Plans. Participants of both pension plans were required to contribute 5% of compensation to the plans during calendar year 2016.

**TOWNSHIP OF NORTH HUNTINGDON**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 11 - TOWNSHIP PENSION PLANS (Continued)**

**TOTAL PENSION LIABILITY, PLAN FIDUCIARY NET POSITION, AND NET PENSION LIABILITY**

The Township's final total pension liability (TPL) was measured as of December 31, 2015. The total pension liability used to calculate the net pension liability (NPL) was determined by the actuarial valuation one year prior and then projected to this date using a set of actuarial assumptions. The TPL reflects the assumption changes as passed by the Board of Trustees effective for actuarial valuations as of December 31, 2015. The beginning of the year TPL as of December 31, 2104 is based upon the actuarial valuations as of the same date. There were no other significant changes during the projection period, such as plan changes to the pension benefits.

The following shows the changes in the Total Pension Liability (TPL), the Plan Fiduciary Net Position (fair value of plan assets), and the Net Pension Liability (NPL) as of the Measurement date.

**POLICE PENSION PLAN:**

|                                                       | <b>Total Pension<br/>Liability<br/>( a )</b> | <b>Plan Fiduciary<br/>Net Position<br/>( b )</b> | <b>Net Pension<br/>Liability<br/>( c )</b> |
|-------------------------------------------------------|----------------------------------------------|--------------------------------------------------|--------------------------------------------|
| <b>Balances at 12/31/14</b>                           | <b>\$ 19,842,786</b>                         | <b>\$ 17,584,348</b>                             | <b>\$ 2,258,438</b>                        |
| <b>Changes for the year:</b>                          |                                              |                                                  |                                            |

\* Assumption changes reflect the liability impact of the Board of Trustees approved changes as of December 31, 2015.

\*\* Reflects the net investment income/(loss) of (\$550,253) and income/(loss) due to the difference between expected and actual asset values of (\$19,757) which includes the impact from allocation of assets in support of the underlying retiree liabilities.

**TOWNSHIP OF NORTH HUNTINGDON**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 11 - TOWNSHIP PENSION PLANS (Continued)**

**TOTAL PENSION LIABILITY, PLAN FIDUCIARY NET POSITION, AND NET PENSION LIABILITY (Continued)**

The above does not reflect changes in benefits or assumptions after January 1, 2016. Because the beginning and end of year TPL are based upon the same actuarial valuation dates, there is no difference between expected and actual experience reported this year. The beginning of year TPL is based upon the January 1, 2015 actuarial valuation with liabilities measured at December 31, 2014. The end of year TPL is based upon the same actuarial valuation with liabilities rolled forward to December 31, 2015 and reflecting the impact of the assumption changes. The TPL as of December 31, 2015 was based upon the following actuarial methods and assumptions:

- **Actuarial Cost Method** – Entry Age Normal
- **Rates of Pre-Retirement Mortality** – RP 2000 male non-annuitant table projected 15 years with Scale AA. RP 2000 female non-annuitant table projected 15 years with Scale AA and then setback five years.
- **Rates of Post-Retirement Mortality** – RP 2000 male annuitant table projected 5 years with Scale AA. RP 2000 female annuitant table projected 10 years with Scale AA.
- **Disabled Life Mortality Rates**: RP 2000 male and female combined table set forward 10 years.
- **Termination Rates Before Retirement**: Less than 25 active members – sliding scale 1 year 15% down to 10 plus years at 2.5%. More than 25 active members – sliding scale 1 year 18% down to 10 plus years at 4%.
- **Disability Incidence Rates**: 40% (Non-uniform) and 60% (Uniform) of 1964 OASDI (Social Security).
- **Workers Compensation**: Service related disability benefits payable from municipal plans are offset by 25% of final average salary
- **Salary Scale**: Sliding scale - age 25 (7.05%) down to age 65 (2.8%)
- **Rates of Retirement**: Under age 46 (2%), age 45 (8%), age 46 (10%), age 47-50 (15%), age 51-54 (17%), age 55 (22%), age 56-59 (14%), age 60-64 (18%), age 65 (25%), age 66-74 (20%), age 75 (100%).
- **Marital Status and Spouse's Age (if applicable)**: 85% of active members, and are assumed to be married for retirees with the 50% J&S form of payment. Male spouses are assumed to be 3 years older than female spouses
- **Social Security Projections (if applicable)**: Social security wage base will increase 3.3% compounded annually. CPI will increase 2.8% compounded annually, average total wages will increase 3.3% compounded annually
- **Post-Retirement Cost of Living Increases**: 2.8% per year, subject to plan limitations
- **Investment Return**: 5.5% compounded annually, net of expenses
- **Administrative expenses**: The expense assumption is based upon the expected expenses for the current year

These assumptions are based upon the PMRS Experience Study for the period covering January 1, 2009 through December 31, 2013 issued by the Actuary in July of 2015 as well as subsequent board approved assumption changes. These assumptions were first used for the December 31, 2015 measurement date.

**TOWNSHIP OF NORTH HUNTINGDON**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 11 - TOWNSHIP PENSION PLANS (Continued)**

**TOTAL PENSION LIABILITY, PLAN FIDUCIARY NET POSITION, AND NET PENSION LIABILITY (Continued)**

According to Governmental Accounting Standards Board (GASB) Statements No. 67 and 68, PMRS is required to allocate/distribute all funds to the respective participating employers for financial reporting purposes, to determine the respective employer 'plan fiduciary net position.' PMRS has determined that net investment income or loss and administrative expenses will be allocated to the employer/municipality accounts pro-rata based on their beginning Fiduciary Net Position balance adjusted for cash flows throughout the year. The 'Additional administrative expenses' are the expenses in excess of the 'PMRS administrative expense' (i.e. \$20 per participant expense paid by each plan). The 'PMRS investment income' is based upon the regular and excess interest used to credit accounts annually. The 'Market value investment income' reflects the investment income/loss during the year net of PMRS investment income and the income/loss due to the difference between expected and actual asset values, including the impact from allocation of assets in support of the underlying retiree liabilities.

**PENSION LIABILITIES, PENSION EXPENSE, AND DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO PENSIONS**

The impact of investment gains or losses for expensing is recognized over a period of five years. The impact of experience gains or losses and assumption changes on the TPL are recognized in the collective pension expense over the average expected remaining service live of all active and inactive members of the Plan. There were no experience gains or losses between the beginning of the year and end of year liabilities because the liabilities were rolled forward from the prior actuarial valuation date. Also, assumption changes as of the Measurement Date have been reflected.

The following is a schedule of collective deferred inflows and outflows as of December 31, 2016:

**POLICE PENSION PLAN:**

|                                                                                  | <u>Deferred<br/>Outflows of<br/>Resources</u> | <u>Deferred<br/>Inflows of<br/>Resources</u> |
|----------------------------------------------------------------------------------|-----------------------------------------------|----------------------------------------------|
| Differences between expected and actual experience                               | \$ 319,576                                    | \$ -                                         |

The annual pension expense recognized can be calculated two different ways. First, it is the change in the amounts reported on for the Employer's Statement of Net Position that relate to the plan and are not attributable to employer contributions. That is, the change in Net Pension Liability (NPL) plus the changes in deferred outflows and deferred inflows plus employer contributions.

Alternatively, annual pension expense can be calculated by its individual components. Although not required by GASB, PMRS provides an example of this calculation at [pmrs.state.pa.us/yearendrptg](http://pmrs.state.pa.us/yearendrptg).

**INVESTMENT ASSET ALLOCATION**

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates of expected future real rates of return are developed for each major asset class, for the portfolio as a whole and at different levels of probability or confidence.

**TOWNSHIP OF NORTH HUNTINGDON**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 11 - TOWNSHIP PENSION PLANS (Continued)**

**INVESTMENT ASSET ALLOCATION (Continued)**

There are four steps to the method as follows:

1. Expected future real rates of return are based primarily on the 20 year historic nominal rates of return as reflected by applicable return indexes and may be adjusted for specific asset classes if, in the Board's opinion, any such asset classes are expected in the future to significantly vary from its 20 year historical returns. These nominal rates of return further assume that investment expenses will be offset by the additional return performance derived from active investment management.
2. The nominal rates of return by asset class are adjusted by a constant rate of expected future annual inflation rate of 3% to produce real rates of return.
3. The real rates of return are further adjusted by weighing each asset class using the PMRS portfolio target asset allocations. The results from steps 1 through 3 are shown below in the table labeled 'System Nominal and Real Rates of Return by Asset Class'.
4. These weighted real rates of return are then subjected to a probability simulation to understand the likelihood of success in achieving various portfolio return levels. Based on the most recent asset allocation study conducted by Dahab Associates, the minimum acceptable confidence level for the Board has been determined to be 70%. The table labeled 'Confidence Levels for System Nominal and Real Rates of Return' identifies simulated portfolio returns at various confidence levels.

**TOWNSHIP OF NORTH HUNTINGDON**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 11 - TOWNSHIP PENSION PLANS (Continued)**

**INVESTMENT ASSET ALLOCATION (Continued)**

Based on the four part analysis, the Board established the System's Long-Term Expected Rate of Return at 7.5%.

In addition to determining the System's Long-Term Expected Rate of Return, PMRS also develops a Long-Term Expected Rate of Return for individual municipalities. The Long-Term Expected Rate of Return for individual participating municipalities is also referred to as the Regular Interest Rate. Under the laws of the Commonwealth of Pennsylvania (Act 15 of 1974), the Board is obligated to apply the Regular Interest Rate to each of the individual participating municipalities' actuarial asset accounts held by PMRS. Therefore under the law, the Long-Term Expected Rate of Return for individual participating municipalities is equal to the Regular Interest Rate. The rationale for the difference between the System's Long-Term Expected Rate of Return and the individual participating municipalities' Regular Interest Rate is describe herein under the section 'Discount Rate'. As of December 31, 2015, this rate is equal to 5.5%.

The System's policy in regards to the investment income allocation on invested assets is established and may be amended by the PMRS Board. Plan assets are managed on a total return basis with an emphasis on both capital appreciation as well as the production of income, in order to satisfy the short-term and long-term funding needs of PMRS.

**DISCOUNT RATE**

While it is often common practice to establish an actuarial Discount Rate that is equal to the Long-Term Expected Rate of return, PMRS is required by law (Act 15 of 1974) to establish a Discount Rate equal to the Regular Interest Rate. The PMRS Board establishes the Regular Interest Rate on the basis of expected stable and consistent earnings on investments to be applied to the accounts of the individual participating municipalities and includes the accounts of plan participants, municipalities, and plan retirees each year. The Board considers the following five quantitative factors in establishing the Regular Interest Rate:

1. Retiree Plan liability as a percentage of total Plan liability,
2. Active Plan participant liability as a percentage of total Plan liability,
3. Smoothed Pension Benefit Guarantee Corporation (PBGC) annuity rates,
4. PMRS System Long-Term Expected Rate of Return, and
5. PMRS administrative expenses

The formula using these factors is as follows:

Regular Interest Rate = (Retiree Liability Percentage x Smoothed PBGC Annuity Rates) + (Active Employee Liability Percentage x System Long-Term Expected Rate of Return) - (Administrative Expenses as a percentage of assets)

**TOWNSHIP OF NORTH HUNTINGDON**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 11 – TOWNSHIP PENSION PLANS (Continued)**

**DISCOUNT RATE (Continued)**

The Board may then adjust the Regular Interest Rate derived from the formula due to a variety of qualitative factors such as the desire to minimize Regular Interest Rate volatility, trending of PBGC annuity rates, total PMRS actuarial and market value funding ratios, feedback from existing PMRS municipalities, and recommendations from the System's investment and actuarial consultants. The Discount Rate adopted by the Board and used to measure the individual participating municipalities' total pension liability as of December 31, 2015 was 5.5%.

This required equivalence between the Regular Interest Rate and the actuarial Discount Rate will likely result in a System Long-Term Expected Rate of Return that will be higher than the actuarial Discount Rate and higher than the Long-Term Expected Rate of Return for individual participating municipalities. Should the System experience a prolonged period of investment returns in excess of the Regular Interest Rate, the Board is authorized to allocate any applicable portion of any such excess in accordance with Board policies.

The projection of cash flows for each underlying municipal plan, used to determine if any adjustment to the Discount Rate was required ("depletion testing"), used the following assumptions: 1) member contributions will be made at the current contribution rate, 2) participating plan sponsors contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate, and 3) the System's Long-Term Expected Rate of Return will be used in the depletion testing of projected cash flows. Based on those assumptions, the PMRS pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members.

**SENSITIVITY OF THE NET PENSION LIABILITY TO CHANGES IN THE DISCOUNT RATE**

Changes in the discount rate affect the measurement of the TPL. Lower discount rates produce a higher TPL and higher discount rates produce a lower TPL. Because the discount rate does not affect the measurement of assets, the percentage change in the NPL can be very significant for a relatively small change in the discount rate. The table below shows the sensitivity of the NPL to the discount rate with two additional measures, plus and minus one percent from the rate used for the disclosure.

**NOTE 12 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSION**

The Township of North Huntingdon provides post-employment benefits to eligible full-time police and non-uniform employees upon retirement as obligated by contract. In June of 2004, the Governmental Accounting Standards Board (GASB) issued Statement No. 45, 'Accounting and Financial Reporting by Employers for Post-Employment Benefits Other Than Pensions'. This statement provides the accounting and reporting requirements for benefit plans, as well as, requires that public sector employers accrue the cost of any postretirement healthcare or similar benefits (OPEB) they may offer to employees. Under GASB Statement No. 45, retiree benefits are viewed as a form of deferred compensation. As such, the benefits are treated as being earned over the working lifetime of the employee so that the cost is fully charged to operations by the earliest date of eligibility under the plan.

The latest actuarial valuation was made January 1, 2015. A detail description of the provisions of the post-employment benefit plan is available in the GASB 45 actuarial valuation report as of January 1, 2015. The post-retirement plan does not issue stand-alone financial reports.

Membership in the plan consisted of the following at January 1, 2015, the date of the last actuarial valuation:

|                                               |                  |

**TOWNSHIP OF NORTH HUNTINGDON**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 12 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSION (Continued)**

**ANNUAL OPEB COST AND NET OPEB OBLIGATION**

The Township's annual other post-employment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 30 years.

The following show the components of the Township's annual OPEB cost for the year, the amount actually contributed to the plan and changes in the Township's net OPEB obligation:

|                                            |                            |
|--------------------------------------------|----------------------------|
| Annual required contribution               | \$ 542,325                 |

| 12/31/2012                   | 345,877                     | 35%                               | 961,828                        |

**FUNDED STATUS AND FUNDING PROGRESS**

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the health care cost trend. Actuarial amounts determined regarding the funded status of the plan and the annual required contributions of the Township are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about actuarial value of plan assets and actuarial accrued liabilities for benefits.

**TOWNSHIP OF NORTH HUNTINGDON**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 12 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSION (Continued)**

**ACTUARIAL METHODS AND ASSUMPTIONS**

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used to include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The January 1, 2015 actuarial valuation report utilized the Entry Age Normal Cost Method. The actuarial assumptions included a 4.5% discount rate. The UAAL is being amortized based on a level dollar amount using an amortization factor of 16.2889. The health care cost trend rates are 5.5% for calendar years 2016 through 2020, decreasing from 5.4% in 2021 to 3.8% in 2075 and thereafter.

The Net OPEB liability of \$2,034,862 is reflected as part of Noncurrent Liabilities in the government-wide financial statement of net position (Exhibit A).

The governmental fund financial statements account for these benefits on a pay-as-you-go basis and are budgeted for and paid by the General Fund. During the 2016, the Township paid approximately \$158,790 in healthcare insurance costs for eligible retirees. The effect of accruing the Township's retiree healthcare at the time the obligation is incurred, as opposed to when these benefits are actually paid, is reflected in the required reconciliations of fund balance to net position (Exhibit D) and the changes in fund balances to the changes in net position (Exhibit F).

**NOTE 13 – DEFERRED COMPENSATION PLAN**

The Township offers its employees a deferred compensation plan created in accordance with Internal Revenue Service Code Section 457. The plan, available to all employees, permits them to defer a portion of their salaries until future years. Participation in the plan is optional. The deferred compensation is not available to the employee until termination, retirement, death, or unforeseeable emergency. At December 31, 2016, all amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, are held in trust solely for the benefit of the participants. Investments are managed by the plan's trustee under several investment options as selected by the participants. Deferred compensation assets at December 31, 2016 totaled \$2,648,436. Under the provisions of GASB Statement No. 32, "Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans", the plan is not required to be included in the Township's financial statements.

**NOTE 14 – TAX ABATEMENTS**

The Township of North Huntingdon has developed a LERTA program established under The Local Economic Revitalization Tax Assistance Act, Act 76 of 1977 to encourage property owner driven revitalization in the North Huntingdon Township community. During calendar year 2016, the Township abated property taxes for three local businesses (five parcels in total) in the amount of \$4,085. The tax abatements are for a period of five years maturing in calendar years 2019-2021.

**TOWNSHIP OF NORTH HUNTINGDON**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 15 - RISK MANAGEMENT**

The Township of North Huntingdon is exposed to various risks of loss related to tort; theft of, damage to, and destruction of assets, errors and omissions; injuries to employees; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. Settled claims for these risks have not exceeded commercial insurance coverage for the past three years.

**NOTE 16 - CONTINGENT LIABILITIES**

**SERVICE AGREEMENTS**

The Township has entered into service agreements with the North Huntingdon Township Municipal Township and with Western Westmoreland Municipal Township for the treatment of sewage. The service agreements provide that if receipts and revenues from customers are insufficient to enable the Township and Western Westmoreland Municipal Township to meet their obligations, the Township will provide monies (or its respective share of monies) to fund these obligations. No payments were required under these agreements in 2016.

**LEGAL MATTERS**

The Township, on occasion, can be party to various legal actions arising from normal business operations. As of December 31, 2016, the Township is unaware of any pending litigation that would be material to the financial position of the Township of North Huntingdon.

**STATE FUNDING**

The Township of North Huntingdon's state funded programs are subject to audit by various governmental agencies. The Township is potentially liable for any expenditure disallowed by the results of these audits. Management is not aware of any material items of noncompliance which would result in the disallowance of program expenditures.

**NOTE 17 - PRIOR PERIOD ADJUSTMENT – RESTATEMENT OF NET POSITION**

The net position of the Township as of January 1, 2016 was increased from \$10,944,568 to \$11,533,898 to reflect an increase of \$589,330 resulting from updated accumulated depreciation information contained in the Township's 2016 fixed asset valuation report.

**NOTE 18 – SUBSEQUENT EVENTS**

Management has determined that there are no events subsequent to December 31, 2016 through the date of the 'Independent Auditor's Report' date, which is the date the financial statements were available to be issued, that require additional disclosure in the financial statements.

**TOWNSHIP OF NORTH HUNTINGDON**  
**NOTES TO SCHEDULES OF FUNDING PROGRESS (RSI)**  
**DECEMBER 31, 2016**

**NOTE 1 - TREND INFORMATION**

The comparability of trend information is affected by changes in actuarial assumptions, benefit provisions, actuarial funding methods, accounting policies, and other changes. Those changes usually affect trends in contribution requirements and in ratios that use the actuarial accrued liability as a factor.

Analysis of the dollar amount of the actuarial value of assets, actuarial accrued liability, and unfunded (assets in excess of) actuarial accrued liability in isolation can be misleading. Expressing the actuarial value of assets as a percentage of the actuarial accrued liability provides one indication of the plan's funding status on a going-concern basis. Analysis of this percentage, over time, indicates whether the system is becoming financially stronger or weaker. Generally, the greater this percentage, the stronger the plan.

Trends in unfunded (assets in excess of) actuarial accrued liability and annual covered payroll are both affected by inflation. Expressing the unfunded (assets in excess of) actuarial accrued liability as a percentage of annual covered payroll approximately adjusts for the effects of inflation and aids analysis of the plan's progress made in accumulating sufficient assets to pay benefits when due. Generally, where there is an unfunded actuarial accrued liability, the smaller this percentage, the stronger the plan. However, when assets are in excess of the actuarial accrued liability, the higher the bracketed percentage, the stronger the plan.

**NOTE 2 - ACTUARIAL ASSUMPTIONS AND METHODS**

The information presented in the preceding required supplementary information section was determined as part of the actuarial valuation dated January 1, 2015. Additional information included as part of this valuation applicable to the police and non-uniform pension plans (both plans unless otherwise indicated) is as follows:

Actuarial Cost Method - Entry Age Normal

Amortization Method - Level Dollar Closed

Remaining Amortization Period – 11 (Non-Uniform)      10 (Police)

Asset Valuation Method - Market Value

Investment Rate of return – 5.5% per annum

Salary Increase – 3% inflation and age-related scale

Mortality – Pre and Post-retirement – RP2000 Mortality Tables
