Use of scrap materials, waste board, sheet metal, tarps, metal or wood patching materials, and/or similar recycled junk material is prohibited for henhouse construction.

If removal is not complete within 30 days, the Township may initiate action in the Court of Common Pleas of Westmoreland County for injunctive relief compelling the removal of the chickens.

SECTION 7: FINES AND PENALTIES

- A. Chicken keeping without a permit will result in a written violation from the Permitting Officer. A resident in violation will have a chance to apply for a chicken keeping permit assuming the property meets all criteria laid out in this ordinance. If the property size is not greater than or equal to one (1) acre, the chickens and chicken structures must be removed within 30 days. If an eligible property owner does not seek a permit and/or fails to remove the chickens, they will be subject to the fine schedule in subsection B.
- B. Properties that received a chicken keeping permit from the Township will be subject to the following fines: The first proven violation by the Permitting Officer will result in a \$100 fine; the second violation is a \$200 fine, and the third violation is a \$500 fine. After the third violation, the permit will be revoked, and the chickens must be removed from the property. Failure to pay fines will result in a hearing in front of the local Magistrate where additional court costs may apply. Failure to remove chickens from the premises may result in legal proceedings being commenced in the Court of Common Pleas of Westmoreland County to secure their removal.
- C. Once the permit is revoked, the applicant may not re-apply for a backyard chicken keeping permit.

SECTION 8: SEVERABILITY

Each section, paragraph, sentence and provision of this ordinance is separable, and if any provision is held unconstitutional or invalid for any reason, such decision shall not affect the remainder of this ordinance.
